Services

HIGH END SOLUTIONS

We are a full-service construction company offering various contracting and construction management services for personal and commercial clients. Since 1989, we have built various projects ensuring the best quality and outstanding results. We believe that working directly with the client and the design consultants always has proved to be the finest technique in delivering a project.

Projects

BARWA VILLAGE

Located in “Al Wakra” area, Barwa village has created its own mark creating a one of a kind village that consists of numerous shops, schools, apartments, restaurants and a shopping mall. Since Doha is being developed rapidly causing massive traffic in the area, investors have been interested in building in the urban areas of Qatar. The massive development village covers 400,000 square meters covering 186,000 square meters of built up area. We are proud to be part of this massive development and we continue to strive for more projects that support the growth of the community.

Projects

CHAMPS ELYSEES GARDENS I

Located in the heart of Doha, specifically in "Al Waab" area. This prestigious compound consists of 52 villas, clubhouse, tennis court, Swimming pool and a mosque. The clubhouse consists of various activity spaces such as a gym, a restaurant with seating area, a sauna room and an indoor cinema. The Champs Elysees compound has been one of the most exciting projects, housing more than fifty families, which contributes in the high demand of living areas in Doha. We initiated this project in 2004 and took two years in duration from the start of the project to the completion date. It's been a pleasure to work for the client "Jassim Bin Nasser Group" side by side to ensure the best and most outstanding result that we see today.

Projects

CHAMPS ELYSEES GARDENS II

Also located in “Al Waab” area, this compound consists of 68 villas, clubhouse, tennis court and a swimming pool. In 2008 the demand for residential housing has increased rapidly in the city of Doha. The Champs Elysees II compound was created to balance the demand. The construction initiated in 2008 and was successfully completed in time by 2010.

Projects

AL WAKRA MARINE

Still under construction, this massive structure covering a total area of 3180 square meters is located in Al Wakra. The building consists of offices, open areas for display items and a huge garage for servicing heavy machinery.

Upon completion this service center / showroom will service boats, speed boats and jet skies. Also owned by Jassim Bin Nasser Group, it's been our honor to work with them in their new project.
